Description	One of the most critical ways that individuals can influence governmental decision-making is through voting. Voting is a formal expression of preference for a candidate for office or for a proposed resolution of an issue. Voting generally takes place in the context of a large-scale national or regional election; however, local, and small-scale community elections can be just as critical to individual participation in government. Keeping all these things in mind TIT&S Bhiwani organized a voter awareness day in village Ajitpura , Bhiwani on 15-03-2017. Students motivated the villagers about the power of vote.

Description	<p>The Social Responsibility Club of our Institute initiated Say No to Polythene Bag campaign in the campus. The main objective of this campaign was to make students and people aware of the bad effect of polythene bags on environment, human beings, and animals.</p> <p>The S.D.M. of the city led the campaign. Besides there were many elite members of society who had come to give their tremendous support to this programme. The campaign carried many an activity. As usual the programme started with the motivational and informative lecture from our Director.</p> <p>He apprised the people gathered there of the hazardous effect of the use of Polythene bags. He said that polythene is bio-non-degradable product and can't be eliminated without damaging the environment.</p> <p>When eatables are carried in them, the chemicals used to make them get mixed with them. So polythene bags make the food items poisonous. If the animals chew them, they go to their abdomen and cause them severe pain and most of the time becomes a strong reason for their deaths.</p> <p>He further added that polythene bags cause drainage problem and make the city ugly. The 80% of the total garbage is made of polythene bags.</p> <p>The Chief Guest Chairman Municipal corporation Bhiwani Shri Ransingh Yadav and Vice-chairman Shri Maman Chand also enlightened the people about drawbacks of the use of poly-bags. Students took out a rally carrying placards with various slogans in the city. There was enthusiasm among them and the people of the city. It seemed to be a very successful campaign.</p>

Activity No-5	
Name of the activity	Voter Awareness Day
Date of Conduct	25-01-2021
Participant Count	60
Description	<p>One of the most critical ways that individuals can influence governmental decision-making is through voting. Voting is a formal expression of preference for a candidate for office or for a proposed resolution of an issue. Voting generally takes place in the context of a large-scale national or regional election; however, local, and small-scale community elections can be just as critical to individual participation in government.</p> <p>Keeping all these things in mind TIT&amp;S Bhiwani organized a voter awareness day in village Tigarana, Bhiwani on 25-11-2021 in association with UDAAN Society. Students motivated the villagers about the power of vote.</p>
Photos/ Newspaper	 <p>The newspaper clipping features a headline in Hindi: 'जागरूकता के लिए निकाली रैली, श्रथ' (Rally organized for awareness). Below the headline, there is a photograph of a group of people, including officials and students, gathered around a table. The text in the clipping describes the event and the role of the institute in organizing it.</p>
