The Alumni Association plays a vital role in strengthening the institute's external network, significantly contributing to its growth and development. It collaborates with various societies and cells within the institute to organize impactful activities that benefit students and the institution as a whole:

1. Financial Contributions by Alumni:

- Alumni generously extend financial support for key events and initiatives, bolstering the institute's infrastructure and resources. The TIT Batch of 1999 Alumni Trust donated two smart boards, significantly enhancing the institute's technological capabilities and learning environment.

2. Non-Financial Contributions by Alumni:

- Alumni actively engage with students through expert lectures, seminars, and webinars, ensuring they stay updated on the latest technological advancements.
- Career counseling sessions conducted by alumni provide valuable guidance, helping students make informed career decisions and build a strong professional foundation.
- Alumni actively organize and support industrial visits, providing students with valuable exposure to real-world industry practices.

3. Alumni Meets:

- Regular Alumni Meets serve as a platform for former students from diverse professions to reconnect, share their experiences, and strengthen the alumni network.

4. Special Guest Appearances:

- Alumni are frequently invited as special guests at events like Fresher's Day and Farewell Meets, where they share their life journeys and valuable insights, inspiring and motivating current students.

Academic year	2023 - 24
Name of the activity	Seminar on Career Planning and Opportunities in Textile Field
Date of activity	30 April, 2024
Organized by	Textile Technology Department
Resource person	Jayant Verma (2011 Batch)
Objective	To aware the students about Career Planning and Opportunities in Textile Field
Brief report (Min 150 words)	Jayant Verma discussed about the contribution of textile sector to industrial production, position and national economy. Students were aware about the various fields of textiles and opportunities in which they can make their carrier and steady recovery in textile manufacturing to aid growth e.g after pandemic India's textile industry has been gradually recovering and has become 2 nd largest industry in the world after china and man-made fibres are on raising trend. The textile industry generates jobs for all skill sets unlike software or pharmaceutical sector where the job opportunities are created for educated and highly skilled talents. Around 45 million people are employed in the textile industry, including 3.5 million people who work on handlooms. India exported \$44.4 billion worth of textiles and apparel (including handicrafts) in FY22, a 41% YoY increase. By FY26, total textile exports are anticipated to reach US\$65 billion. By 2025-2026, Indian textile market projected to grow at a 10% CAGR, totaling US\$190 billion. Session was very interactive as students also asked their queries related to their career and job opportunities.
Outcome	Students cleared their doubts and queries related to their career in textiles.
