### Academic Year 2020-21

Sr. No.	Stakeholder	Suggestion Given/ Issue	Action Taken
1.	Student	Arrange communication between industry and students so the students can improve their practical as well as professional knowledge.  More exposure to Mills and Factories.  Add real practical knowledge and activities that may include running machines etc.	Field visit/Educational Tour opportunities are provided to all the students under provision in syllabus, also other than that for giving extra edge. MoU's for the same with the industries (including Mills) have also been signed up and field visit/Internship/Industrial tours etc. are being conducted for nurturing their practical as well as professional knowledge.
2.	Student	Please improve the medical and Wi-Fi facility of college.	A separate dispensary is available with all the requisite medicines with a doctor permanently appointed. Doctor is also available post academic hours for Boys & Girls Hostel. The internet facility is provided to the students in the library with increased bandwidth of BSNL lane from 15 mbps to 200mbps and Vodafone 15 mbps.
3.	Student	More focus should be given on placement assistance.	Efforts for students' placements are going on as a result of this substantial percentage of students got placed in reputed organizations.
4.	Student	Institute can arrange guest lecturers from industry experts for providing knowledge and exposure to their career goals in the textile field.	Expert Guest Lectures were organized and documents are maintained accordingly. We are committed to provide value addition by invited talks and guests lectures from the external experts.

5.	Faculty	Provide more ICT facilities in the classrooms.	License of MS Teams was taken from Microsoft. Discussion was carried out and the concern was brought to the Director's notice for the assessment of the latest ICT tools for blended learning.
6.	Faculty	Books of revised syllabus should be purchased.	Faculty members were instructed to analyze changes in syllabus and instructed to submit book requirements to librarian.
7.	Faculty	Focus should be more on Industry oriented projects for B.Tech & M.Tech Final year students.	Intensive Discussion was carried out among the faculty-Industry people and attempts will be implemented as the Industrial working scenario improves post Covid.
8.	Faculty	NAAC work should be initiated for imbibing quality culture in the institute.	NAAC Manuals were provided for study and it was decided to initiate NAAC work.
9.	Parent	College should introduce International exchange programme for students and teachers.	MOUs with foreign University are in progress namely Huddersfield University, UK & Bahirdhar University, Ethiopia.
10.	Parent	Industrial tours should be conducted.	The Industrial trips were regularly organized during Pre-Covid sessions and will be resumed as the Covid situation settles.
11.	Parent	Facility to pay fees into installments is required.	Facility is already in existence and students are taking benefit of the same.
12.	Parent	Need extra classes for difficult subjects.	Extra classes are conducted for difficult subjects under slow learner mechanism.
13.	Alumni	There is a strong need to introduce reporting analysis and presenting technique courses in the curriculum. There must be few courses for soft skill as well.	By arranging VAP by English Teacher aptitude and communication skills are sharpened.

14.	Alumni	Give sufficient exposure to different textile units in industry for practical experiences.	By arranging field visits, this is being well addressed.
15.	Alumni/Employer	Module on business management and financial analysis of business can be added/ expanded. Need to revise the syllabus as per the industry need especially in Textiles.	The syllabus revision is not in the hands of the institution being an affiliated college. This is to be revised by the university however we give recommendations to university as per the feedback provided by the students, teachers, alumni and employer to imbibe modification in the syllabus as per feedback collected.
16.	Employer	Advanced equipped labs are required.	The institutional departments are already equipped with Advanced Machinery Labs. As there are day to day technological advancements, the further upgradation of the labs had been notified to the Management.
