Activity Report	
Academic year	2018-19
Name of the activity	Intellectual Property Rights sponsored by Department of Science & Technology, Government of Haryana
Date of activity	28/8/2018
Organized by	TIT&S
Resource person	Prof Rajendra, NIT Kurukshetra & Dr Anupam Kurlwal, Gurugram
Objective	To Make faculty and staff aware of "Intellectual Property Rights"
Brief report	The lecture cleared what is meant by "Intellectual Property Rights". Ideas which are abstract representation of something must be protected once they have been materialized as a result of human intellectual effort. IPR is covering patents, copyrights, trademark, industrial designs, geographical indications, protection of layout design of integrated circuits and protection of undisclosed information and protection of new plant variety. Intellectual Property Rights (IPR) refers to Monopoly protection for creative works such as writing (copyright), inventions (patents), processes (trade secrets) and identifiers (trademarks). Like any evolving concept, Intellectual Property Rights too has its fair share of criticism and controversies, because it involves not just economics but ethics and human rights as well. Finally, this seminar would be helpful to spread awareness regarding IPR and their related issues.
Outcome	This programme provides a platform where experts, academicians interact and exchange their ideas and knowledge pertaining to the emerging issues and challenges in the field of IPR.
