Dear Sir,

I thank you from the bottom of my heart for taking time from your busy schedule to be the guest speaker at our institute. Your delivered lecture on "Career Opportunities in Textile & Fashion Industry" was useful for our students and faculty.

Your lecture served the purpose in the best possible way, and it was a huge success.

I thanks to your enlightening words that inspired so many people out there.

I look forward to our next interaction soon.

Wishing you all the best for your future endeavours,

Yours sincerely,

Director

Dear Sir,

I thank you from the bottom of my heart for taking time from your busy schedule to be the guest speaker at our institute. Your delivered lecture on “**Advancement in Fashion Industry**” was useful for our students and faculty.

Your lecture served the purpose in the best possible way, and it was a huge success.

I thanks to your enlightening words that inspired so many people out there.

I look forward to our next interaction soon.

Wishing you all the best for your future endeavours,

Yours sincerely,

Director

Dear Dr Nanda, Mr Pramod,

It was a pleasure to meet you today and the students at TITS, Bhiwani.

Please find below, a brief of my presentation points and it could be shared with final year students and fresh graduates interested in studying in France with Network N+I.

As discussed, I could organise a mini seminar at the Embassy for a group of 10- 15 students interested in making applications for Network N+I.

Thanks,

Golda

Dear Students,

Director,

THE TECHNOLOGICAL INSTITUTE
OF TEXTILE & SCIENCES, BHIWANI

Network N+I, is a single online portal for making a single application to 50+ elite engineering institutes in France.

The Network trains highly qualified, multilingual engineers who can lead effectively on international projects in a multicultural environment.

90% of N+I students get a job offer, even before they graduate.

The average salary for first job in France for a junior engineer is € 36,000 gross per year (+ 15 to 20 % for international experience)

The «n+i» Network offers three “success packages” for international students in France. The packages are:

- Culture (assistance, welcome upon arrival, lodging and transfer) - PIC
- Language (course in French language, lodging in family home) - PIL
- Academic Methods (a semester-long introduction to scientific methods in the engineering school under the guidance of faculty and student mentors) - PIM

Many scholarships are also available for students and you could apply to multiple scholarships based on eligibly criteria. However, you can avail only one , whichever may be the highest.

Scholarships are completely based on merits and on an independent jury's decision. Therefore it is important that you have a backup plan for financing your studies in France through a bank loan or a family loan. Also to be eligible to apply for any scholarship, you must have a confirmed admission.

Some significant points to study Masters in Engineering with Network N+I:

1. Two year master's degree in engineering (after B.Tech)
2. Choice of 150 specialized masters in all domain of engineering. (250 key words to choose from)
3. 3 packages of adaptation : linguistic, cultural, methodological.
4. GRE/TOEFL/ IELTS not required at the time of admission.
5. A single online application portal for admission and scholarships for all the 50+ Engineering institutes.
6. No prior knowledge of French is required. A basic level in French is highly recommended.
7. Maximum Total cost of the program: INR 18 to 28 lakhs for two years (1 semester of paid internships during the master program + APL grant)
8. Students can apply for multiple scholarships while making admission applications to N+I.

Director,

List of required docs that needs to be uploaded during the application procedure are as below and they must be attested :

- Birth Certificate in English
- Diploma –Copy of the degree/ provisional degree

OF TEXTILE & SCIENCES, BHIWANI

- Evaluation Letter – for students of B. Tech final year
- Grades – Mark sheets/ transcripts
- Motivational Letter
- Professional Goals
- Reference Letter
- Signed Agreement
- Signed Dossier - Signed Application Form

Online Application Open up to 5th April 2019

Please feel free to write to me for any assistance / clarification.

Dear Ms Malhotra,
Thank you for your visit to TIT and a crisp presentation on N+I Network and its various avenues. Interacting with you and Ms Jain gave us an insight into possibilities which could be explored for the betterment of students in general and TIT, as an institution, in particular.

Your multiple mails contain a plethora of information which could help us explain to students the salient features of N+I Network.

The suggestion of organising a special presentation for students/parents sounds very logical as that would leave no shade of scepticism in the minds of prospective students.

We will stay in touch and post you the developments at our end.

Dear Dr Nanda,

Director,
THE TECHNOLOGICAL INSTITUTE
OF TEXTILE & SCIENCES, BHIWANI

Please do try to motivate at least 5-8 students from final year to make their application file for Master Study Program for this year before 6 April 2019.

Also do promote the two Summer Programs as sent to you : Smart Cities & Cyber Security.

Enclosed is the presentation that I used for your referral.

Do let me know if any other information / assistance is required from end.

Warm regards,

Golda
