Dear Sir / Mam,  
Greetings from TAI !!

As you are aware due to prevailing conditions, we all have experienced a disruption in our activities at TAI, so we are unable to organize our activities of seminars or workshops, etc. Accordingly, to keep the network live between the members and the textile Industries; The Textile Association (India) has focused on webinars during the Lock-down period in addition to updating the activities on our website.

Various webinars are organized by The Textile Association (India)- Central office and its units on various important topics. The latest in the series was on 29th instant organized in association with MLVTEC, Bhilwara & SJCE, Mysore with the support of TAI - Rajasthan Unit. The topic of the webinar was "Industry 4.0 - Approach Towards Smart Factory Operation". We are pleased to inform you that the webinar attracted a very good response & it also got a suitable place in various newspapers. Cuttings of the same are attached.

We are being informed that some of the interested members could not view the live telecast of some webinars due to their pre-occupation. We are pleased to compile the following video recording link of all the webinars for your ready reference, which can be watched just by clicking the respective links.

The Textile Association (India) - TAI is an 81 years old Association, the foremost leading and largest national body of textile professionals of India, striving for the growth of India's largest industry, established on 9th April 1939 and as of today the Association has more than 25,000 strong membership with 26 affiliated Chapters (Units), spread throughout the length and breadth of our country.

The Textile Association (India) provides opportunities for the professional growth of technologists in the Indian textile industry across all the sectors. TAI organizes Seminars, Conferences, Workshops, Refresher Courses, and Exhibitions of textiles and allied machines for the benefits of the members serving the textile Industry. These activities are held throughout the country with the help of all 26 federal Units, which are autonomous in the activities.

Association publishes small Tablets and Textbooks of practical value for the benefit of practicing professionals and students. It also publishes Study Materials which helps the members to acquire textile qualifications by appearing for standard examinations. It offers an added qualification of ATA & GMTA for the technicians who can earn and study to acquire a Diploma (ATA) and a degree (GMTA). ATA is recognized

Dear Sir / Mam,

**Webinar: Leveraging Design Thinking for the Textile Industry**

In order to succeed in today's VUCA world, businesses need to come up with innovative solutions to cope with the rapidly changing environment and uncertainties. Technology is evolving at a fast pace and the line between competitors and collaborators is getting blurred. In addition, organizations are faced with environmental challenges and highly demanding customers.

This is particularly true in the case of the textile industry. Design Thinking offers a human-centered, immersive, and well-defined approach to solving unstructured and complex problems innovatively. Using DT, organizations are accepting the need to transform their workplaces into those showcasing very innovative work cultures.

We are pleased to inform you that a webinar is being organized jointly by TAI & SPJIMR as per the following details.:
