### How To Search Books

OPAC Software is for searching books and other documents located in desktop of your computer

#### Steps for operating OPAC:

1. Double click on the icon of OPAC Software. Please wait for few seconds for connectivity.
2. Then click on searches. You can search books by name of Author, Title of the book, Classified etc. You can click any one of them ...
3. In case of Author searching first write the surname followed by fore name. For Example Sharma, A. K. Similarly, you can search books by the title of the book just type the title of the book.
4. Same book name will be display on OPAC screen. It means same book is available in the Library. Double click or press enter on that book name, you will get full details of the book.
5. Note the call no. of the book. This will help for searching the books on shelves.
6. For searching whether the book is issued or not, check the details of the book. 'Out' means that book is issued and 'in' means that copy is on shelves.
